By momoftwo Beautifully written with exquisite photos and clear, easy to follow tips, this book is a must have for anyone decorating a small space. Other design books haven't captured my attention like Living in a Nutshell, I think in part because this book has so much personality. I was really charmed by the author's warm style for me, her writing genuinely served to inspire rather than intimidate. Not only does Lee give clear well thought out instructions on how to re-create the gorgeous looks from the book, she also provides a detailed index to make the whole process seamless. I also love that the ideas for decorating a small space feel fun doable, even for a decor-challenged person like myself. Janet Lee deserves accolades for a rare decorating book that goes beyond decor, giving the reader fresh, actionable, and frankly, brilliant ideas for making a home feel unique, personal, and lovely, no matter how small. 0 of 0 people found the following review helpful. Lots of

ideas for stylish decor on a budget! By Tamsin Jones This book is super cute and has a lot of ideas in a short space! I bought it while living in a dorm, and even though I'm now in a bigger apartment, the ideas are still super useful. And not just for practicality's sake - there are a lot of tips for creating the FEEL of a spacious home through taking advantage of proportions etc. There are some cute and simple DIY projects in here, which are great when you're on a budget but want to have those little details around the house that elevate your decor to a sophisticated level. And to my surprise the majority of the tips and DIY projects are actually quite time-less - although a lot of the decor in the photographs may date in a few years, the actual ideas presented are customizable to any style and time period, making this a valuable little book for anyone who wants to make the most of their small living space! 0 of 0 people found the following review helpful. Lots of fun ideas By VRO This is a fun book jam-packed with ideas not only on how to best use small spaces but how to deal with extremely weirdly shaped small spaces. I thumb through it nearly every day, just for the fun of it. Janet Lee's sense of whimsy and sense of humor are right up my alley. And help for squeezing more out of a room - or even a corner of a room, closet, cupboard, desk, etc. is always appreciated. The author's tastes are not at all like mine because we live in very different areas of the U.S. and she's young and I'm not. :) However, the ideas/suggestions for using space to it's ultimate are very interesting to me. The author's inventiveness creativity, usually done on a dime, are extraordinary. I intend to use some of the ideas in my normal-sized home now. It'll give me good practice for when I truly retire and hopefully acquire 2 or 3 or 4 'Nutshells' in various parts of the world.

A fireplace on wheels? A chandelier lit by Xerox? A shrink-wrapped designer closet? These are just a few of the more than 100 stylish and innovative projects in Janet Lees Living in a Nutshell: a one-of-a-kind DIY decorating guide with fresh ideas to fool the eye into seeing and believing that even the most cramped little lair can hold more space and glamor than just the sum its of four walls. The design maven behind livinginanutshell.com and Oprah Winfreys interior style producer for a decade, Janet Lee has personally handpicked a battery of clever projects for enhancing every area of a tiny living space all are simple to do, require no craft skills, are emphatically affordable, readily portable, and big on style, so you can make these design dreams become your reality.

From the Back Cover A fireplace on wheels? A chandelier light by Xerox? A shrink-wrapped designer closet? These are just a few of the more than one hundred innovative projects in Living in a Nutshell, a DIY guide of decorating ideas that fool the eye into seeing and believing a little lair is larger and more glamorous than its four walls. Here are fresh ideas for enhancing every living area of a tiny space. All are simple, affordable, portable, and big on style. An illustrated survival tool kit as well as extensive listings of untapped, off-the-beaten-track design resources and a select buying guide round out this invaluable book. About the Author Janet Lee is an Emmy Award-winning television show producer, styling and producing for leading home decorators, entrepreneurs, and designers such as Martha Stewart, B. Smith, and Thom Filicia. During her ten years as a senior producer for The Oprah Show, she worked closely with such style greats as Nate Berkus. She has also been a home dcor producer for Lifetime Television's Our Home and was featured on camera as the show's weekend decorator, demonstrating chic, easy DIY projects. She has also appeared on CBS's The Early Show, where she demonstrated her high-end-for-less dcor ideas. Now a freelance producer, she lives in New York City.
