Lesley Astaire, Roddy Martine : Living in the Highlands before purchasing it in order to gauge whether or not it would be worth my time, and all praised Living in the Highlands:

0 of 0 people found the following review helpful. A great read for anyone interested in the Scottish life style. By David D. Quite a bit of information and well illustrated. I would have liked to have viewed more typical Scottish homes and their decor, than the grand estates illustrated. All in all, a good read and a nice addition to my Scottish book collection. 0 of 0 people found the following review helpful. Five Stars By Robert L. Adams Well done and delightful! 2 of 2 people found the following review helpful. Scottish Heaven By L. Suski This is a book I look at over and over again. The photos are breathtaking and the text includes both the history and current information about each area. They did a good job of including photos of the house interiors and the beautiful Scottish landscape.

This is a book which reflects the mix of tradition and style in the Scottish Highlands: tartans, tweeds and natural materials, sports, excursions and dancing, fishing and stalking, a Burns Night dinner with a Toast to the Haggis. Accompanied by stunning photographs.

About the Author Lesley Astaire and Roddy Martine, responsible for the highly successful Living in Scotland, have joined forces again to present another intriguing face of Scotland. Eric Ellington, who has lived in the Highlands, provides a wealth of stunning and informative photographs.
