Lois Hole, Jill Fallis : Lois Hole's Bedding Plant Favorites: The Splendor of Proven Performers before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lois Hole's Bedding Plant Favorites: The Splendor of Proven Performers:

0 of 0 people found the following review helpful. Five Stars By L. Alexander Lois Holes is the best, her books are

engaging and educational. 0 of 0 people found the following review helpful. Great book! By M. L. York I have a couple of her books and they are filled with great information that is easy to follow and a great help planning new gardens. 1 of 1 people found the following review helpful. Lois Holes books By A Customer Lois Holes has done a superb job on her books. They are easy to read, have all of the pertinent information and wonderful pictures. All four books are wonderful and I would suggest her books to any gardener in the Northern United States. These are the only gardening books I use. They are just great books.

Failsafe instructions and practical wisdom for choosing the best plants for your garden type. Lois outlines the choices available, the unique characteristics and quirks of each variety, specific seeding and growing tips and much more.

About the Author Lois Hole's renown as a gardener, author and businesswoman, as well as her remarkable years of community service, has brought her international acclaim. Lois was named Lieutenant-Governor of Alberta in February 2000. A member of the Order of Canada, she also has served as Chancellor of the University of Alberta. Lois' fame has done little to change her down-to-earth, folksy manner- a quality that has endeared her to people across the country. Lois and her husband built up a vegetable and market garden business in St. Albert, Alberta, through the 1950s and 1960s. In 1979, the operation was incorporated as Hole's Greenhouses and Gardens Ltd. The business went on to become one of the biggest retail greenhouse operations in western Canada. Despite the challenges of running a business, raising a family and serving on the boards of local school districts and a host of other community organizations, Lois has found the time and energy to write more than a dozen gardening books. All have gone on to become Canadian best-sellers. She also has been a regular contributor to the Globe and Mail, the Edmonton Journal and the Old Farmer's Almanac Gardening Companion.
