**Tarthang Tulku : Lotus Mandala: Sacred Garden** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lotus Mandala: Sacred Garden:

This book presents a vision of gardening as a path to understanding, a journey that is available to anyone with an open heart. By caring, by attuning ourselves to the creative momentum of life and growth, we can find both practical and deeply poetic ways to embody transcendent truths and bring them down to earth.

About the Author Tarthang Tulku Rinpoche is originally from Eastern Tibet. Also known as Rinpoche (meaning 'precious teacher'), he received traditional training from the great masters of his time in the Nyingma school of Tibetan Buddhism. Tarthang Tulku left Tibet in 1959 after the disruption of his culture. From 1959 to 1967, he taught Buddhism at Sanskrit University in India. In 1968, Rinpoche came to the United States where he has lived and work continuously. To support Tibetan refugees, preserve Tibetan culture and make the teachings of Buddhism accessible to Western students, Rinpoche initiated many projects and established over 20 organizations around the world. Author currently resides in Cazadero, CA.
