Not Worth The PriceBy JohnNDFWHaving stayed at several of the featured hotels, I thought the book would be a wonderful reminder of those properties. This book is disappointing. It's almost as though they just super-sized and inserted web pages from these hotels, even the verbage is similar to what you would find on their respective internet sites. The photographs are neither spectacular or inviting. It looks impressive on my coffee table.2 of 3 people found the following review helpful. Over the Top- I want to go back!By Lawrence S. PritchardThe Luxury book is a beautiful addition to any library, travel lover, or those who love luxury. It was wonderful looking through this book finding some of my favorite hotels in America outlined in spectacular photographs. It makes one

want one want to pick up the telephone and call the airlines to make a visit to some of the properties. Being a merchant of the finest luxury home products, these properties go hand in hand. Go splurge and experience them.
