**Allen Daley, Stella Daley : Making and Using Terrariums and Planters** before purchasing it in order to gage whether or not it would be worth my time, and all praised Making and Using Terrariums and Planters:

2 of 2 people found the following review helpful. Great bookBy KnitmasterThis is a very informative book that I would recommend to anyone wanting to make their own terrariums. Received in a timely manner and in great condition.0 of 0 people found the following review helpful. Five StarsBy YvettePerfect thank you!!!!1 of 2 people found the following review helpful. Making and Using Terrariums and PlantersBy CJThe book spent way too much time on making the Terrariums " container"and not enough time on putting the actual garden together. Very Disappointed.Glad I purchased a used book and not a brand new one.
