Packed with information and ideas for sculpting your concrete masterpiece!By CustomerI'd been to a concrete sculpting class and this book was mentioned. Once I got home I decided to order it. This book has everything in it that we learned in class and then some. Basic, informational and filled with ideas to get you started on your sculpting journey!1 of 1 people found the following review helpful. I've never worked with concrete before and it should be interesting. Plus she includes plenty of photos which I find necessary!0 of 0 people found the following review helpful. Five StarsBy The Wood WizardGreat book, great instructions too!

A celebrated teacher has gathered the tried-and-true techniques used by sculptors and folk artists, and tailored them for low-tech surroundings. Work with molds; form over armatures; model or carve with concrete; and treat concrete surfaces with mosaics, embedded objects, incising, and coloring. For dazzling outdoor embellishments, craft a
