Sketches are helpful. A morale booster. I received a copy as a gift and then bought one to give to a new home owner who is doing her own renovations.2 of 2 people found the following review helpful. Really helpful bookBy Lisa KolaThis book just helped me unclog a bathroom sink drain, saving me the cost of calling in a plumber to do it. The illustrations are easy to understand and the explanations are short and simple. Also I gave the book to a friend of mine who is a realtor and she commented that the book would be a good gift for her clients. She is right!
