With a 2-week rental to stay in while looking for something more permanent, there wasn't time to look at every condo for rent and this book did it for us, narrowing the search to a few areas and buildings. It diagrams the floor plan, gives square footage, tells how many permanent residents are in each building, parking arrangements, elevators/stairs, HOAs, everything you need to know to help with your decision making. Book owners also get a code for online information that updates the book. 1 of 1 people found the following review helpful. Great Book for Anyone Looking for a vacation rental or home By C. Spencer This book has all the information you will need to find and buy the perfect condominium in Maui. It covers all areas of the island and has maps and floorplans for all the listings and recent sale prices. is superb. It has so much information and so far it has all been correct. This will save me a lot of time and money. I am very impressed with this publication.

An easy-to-use comprehensive guide to all condominiums in Maui County. A directory that lists all the important information you would need. Included are recent sales history, property assessments, reserves, floor plans (with square feet and lanai noted), site plans and a picture of the condominium. Integrated are detailed maps of the County, parks and districts, climate and precipitation charts, special features, golf courses, public schools, and vacation rental information.

"...enriches the reader's knowledge of condominiums, provides realtors, investors, vacationers and retirees the information they need to make sound decisions." -- James "...for a "home away from home" atmosphere, more and more are choosing to stay in condominium properties..." -- Marsha Wienert, Executive Director, Maui Visitors Bureau "...it provides realtors, investors, vacationers and retirees the information they need to make sound decisions." -- James "I and more than 900 members of the Maui Board of Realtors, Inc., appreciate this excellent source of condominium information with an easy-to-use format." -- Cathryn (Cathy) Paxton-Haines, President, 2000, Maui Board of Realtors, Inc. "The Maui County Condominium Directory identifies the condominium resources for visitors as well as potential buyers..." -- Marsha Wienert, Executive Director, Maui Visitors Bureau "The Maui County Condominium Directory provides a sampling of the best this community has to offer..." -- Lynne Woods, President, Maui Chamber of Commerce
From the Publisher I wanted this condominium directory to be self-contained with everything at one's fingertips so people do not have to run in circles and become frustrated and exhausted trying to get quality information. Investors, realtors, and professionals do not want to rely on another person's word or feelings, but want the facts readily available. We have worked extensively putting a quality directory together. You can see detailed information, all in one location, for 208 different condominiums with approximately 17,245 apartments.
From the Author This book has surpassed everyone's expectations. I have not received one complaint.
