Michael S. Smith, Diane Dorrans Saeks : Michael S. Smith: Elements of Style before purchasing it in order to gage whether or not it would be worth my time, and all praised Michael S. Smith: Elements of Style:

Acclaimed designer Michael Smith has earned a reputation as the thinking celebrity's decorator, with a client list that includes Cindy Crawford, Kate Capshaw, Steven Spielberg, Dustin Hoffman, and Michelle Pfeiffer. Pairing lush interiors with dynamic insider advice, Michael Smith's *Elements of Style* beautifully captures the essential building blocks of good interior design. Smith covers in depth the most common decorating decisions everyone faces: working with color, selecting the right paint, choosing window treatments and floor coverings, creating a luxurious bed, and building a furniture collection over time. Illustrated with stunning color photography, including a dozen homes presented in depth to demonstrate how rooms work alone and together, the book also includes practical sidebars on learning how to buy antiques and attend auctions, how to ready your home for sale, and how to create a house that can evolve over time. This invaluable, idea-filled resource is about polished, fresh design that is both aspirational and

attainable.
