**Laura Coit Marty Hair, Tim Boland : Michigan Gardener's Guide, Revised Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Michigan Gardener's Guide, Revised Edition:

0 of 0 people found the following review helpful. A must have for any Michigan gardener!By Sandra L.If you garden in Michigan then this book is indispensable. One of my favorites. My other copy mysteriously disappeared. H-m-m...come to think of it my sister visited that week.....1 of 1 people found the following review helpful. I found this book to be a good overview of plantsBy Denver SmileAs a transplanted Coloradoan coming from an arid climate to a much more moist environment, I found this book to be a good overview of plants, flowers, trees and shrubs that will

do well in the various climate zones of Michigan. Still, I longed for much more information than provided by this book. I'll have to rely a lot on local nurseries for additional information.0 of 0 people found the following review helpful. This is a great book! I bought it for my daughter because ...By Nancy SeeleyThis is a great book! I bought it for my daughter because I have one and use it all the time.

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. This book contains easy-to-use advice on the top landscape plant choices. It also recommends specific varieties, and provides advice on how to plant, how to grow and how to care for the best plants.

About the AuthorMarty Hair is an Advanced Master Gardener and journalist who has been a news and feature writer and editor at Michigan's largest newspaper, the Detroit Free Press, since 1978. Her previously published articles are available on the Detroit Free Pres website at [www.freep.com](http://www.freep.com).Laura Coit is the former horticulturist at the Michigan State Horticulture Demonstration Gardens. She practiced her craft at the Royal Horticulture Society's garden in Wesley, England.Tim Boland has a master's degree in botany from Michigan State University. His expertise is in native Michigan plants and in plant conservation.
