Melinda Myers : Michigan Getting Started Garden Guide: Grow the Best Flowers, Shrubs, Trees, Vines Groundcovers (Garden Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michigan Getting Started Garden Guide: Grow the Best Flowers, Shrubs, Trees, Vines Groundcovers (Garden Guides):

3 of 3 people found the following review helpful. Lots of information By Beep82 This book has a great deal of information about a great many plants that are grown in Michigan. As a long time gardener, transplanted to Michigan,

I found many plants I was familiar with and many that were new to me. I read gardening books like I do novels, cover to cover and found this book to be a good read, very thorough in its description, and containing many useful tips. A good buy!0 of 0 people found the following review helpful. JUST WHAT I NEEDEDBy Cee TeeGreat book for helping to plan gardens and landscaping. Information is very helpful. Really enjoying it.0 of 0 people found the following review helpful. Basic knowledgeBy Pamela CarrollJust what I needed moving from Arizona to Michigan!

Written by one of the regions most highly respected gardening experts, Michigan Getting Started Garden Guide is a plant recommendation guidebook geared exclusively toward gardeners located in the Wolverine State. Author Melinda Myers shares her extensive gardening knowledge, highlighting her top picks for plants that will thrive in (or in spite of) Michigans tough winters and other unique growing conditions, guaranteeing success for the Michigan gardener and home landscaper.

From the Back CoverTake the guesswork out of picking the best plants for your Michigan garden.
