This is a great book for Midwestern LandscapersBy QUESTERThis book, plus others, was a great guide to me for selecting, planting, and maintaining my landscaping. There are great photographs of beautiful landscapes of the Midwest, and discussions of every area of interest regarding your landscape, including plants, lawn, trees, hardscape, maintenance, etc.0 of 0 people found the following review helpful. Nice read for Midwest gardenersBy HuckThe book presents some wonderful patterns for landscaping both large and small spaces. It was great to see a book specifically for the Midwest region. My sister loved the book.0 of 0 people found the following review helpful. Useful book.By Laura KloostermanIts a good book. Very useful for gardening and and residential landscape work. Not so great for commercial work and its pretty general on specific plant knowledge.

More than 400 pages showcasing some of the midwest's most breathtaking garden landscapes. Dozens of ready-to-use landscape plans and how-to projects with step-by-step instructions. Covers gardens in: North and south
Dakota Nebraska Kansas Minnesota Iowa Missouri Wisconsin Illinois Michigan Indiana Ohio Saskatchewan Manitoba Ontario
