**From Brand: Taschen : Minimal Style (Icons)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Minimal Style (Icons):

3 of 3 people found the following review helpful. Clearly MinimalistBy Michael WolfA good read with good photos at a good price but obviously not for the crass. I've come to trust Taschen over the years and this book fortifies that trust.1 of 19 people found the following review helpful. What were they thinking?By Abhijit MehtaHey I bought this book thinking that it will get some idea as to how to design My new home.But boy was i wrong, this books has no practical application. I fail to understand why would they even contemplate a book which has picture that are not practical, solutions that are almost impossible, i guess they were tring to publish something which is a cross between a coffee table book in paperback style, what were they thinking?0 of 1 people found the following review helpful. Five

StarsBy Marc Meyer, Jr.Great book, arrived safely packaged well.A+++

The presence of absence Ah-the purity of clean lines and the luxury of space! Such are the attractions of minimalist interiors. This homage to minimalism begins with period photos of interiors by designers such as Rietveld, Gropius, van der Rohe, Eileen Grey, Neutra, and Eames-the perfect prelude to images of modern and contemporary interiors inspired by these pioneers, including houses designed by Vincent van Duysen and John Pawson and an interior designed by Tadao Ando and Kenu Kuma.

About the AuthorAngelika Taschen studied art history and German literature in Heidelberg, gaining her doctorate in 1986. Working for TASCHEN since 1987, she has published numerous titles on the themes of architecture, photography, design, contemporary art, interiors, and travel.
