William D. Umstatted, Charles W. Davis : Modern Cabinetmaking (Workbook) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Modern Cabinetmaking (Workbook):

0 of 0 people found the following review helpful. great book... very well written....By yinn2yangfantastic book for beginners and as a reference book for school/shop... it is way over price though...way over price... esp. when you think that you can get the 4th edition for less than \$50... there really isn't much difference in the over all content0 of 0 people found the following review helpful. Good sourceBy REY C MARTINEZUsed textbook for wood b2 real good info learned a couple things0 of 0 people found the following review helpful. very good material but wayBy DavidHad to buy it for text book, very good material but way overpriced
