Charles H. Owenby : Modern Plumbing Job Practice Manual before purchasing it in order to gage whether or not it would be worth my time, and all praised Modern Plumbing Job Practice Manual:

0 of 0 people found the following review helpful. Good book for definitionsBy Chris D.Just ok. Good book for definitions, not so good for actually doing the actual work!!0 of 0 people found the following review helpful. easy readingBy M. CarterThe book helped me to understand what the book more clearly and able to simplify in easier terms what the book was explaining. was defintely worth the money.

Modern Plumbing provides basic information about safety, tools, materials, equipment, procedures, and career opportunities in the plumbing field. To enhance learning, the text is written in simple language and is heavily illustrated.The Job Practice Manual contains activities that are designed to help students review content and develop

critical thinking skills. A wide variety of activities is provided for various learning styles.
