**Erica Glasener : Month-by-month Gardening In Georgia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Month-by-month Gardening In Georgia:

Do I prune my hydrangea in the fall or do I wait until early spring?When is it safe to put out tomatoes?Can I divide iris now? If you have ever asked yourself questions like these, Month-by-Month Gardening in Georgia is for you. Gardening is a journey, not a destination. The day-by-day gardening experiences - planting a few onion sets in the first warm afternoon of spring the surprises - a purple crocus before the snow has even gone the satisfaction - fresh green beans on the dinner table, or tomatoes, bright and red, safely in quart jars these are the things that keep the gardener coming back year after year. Month-by-Month Gardening in Georgia is packed with information that explains what needs to be done and when it needs to be done in the Georgia garden. Topics include: The most effective planting

techniques. How and when to prune. The best season for fertilizing your lawn. The differences between bare-root, container, and balled-and-burlapped plants.
