I'm sure it's going to be my #1 go-to. Was recommended by a neighbor who has been in the area for several years, also a transplant from elsewhere and she said it's the best Idaho gardening book she's found. Bought one for my new neighbor who also is not from this area!0 of 0 people found the following review helpful. The BestBy CustomerThis is the best arranged gardening book I have found. The arrangement of information is a time saver as the reader can turn to the information needed quickly without

Wether you aare a first time gardener, relocating to a new area or someone who's been doing it for years I can see how this book would help. I may come back and re-review once I have more time to go through the book more.

The Month-By-Month series is the perfect companion to take the guesswork out of gardening. With this book, you'll know what to do each month to have gardening success all year. Written by authors in your state, the information is tailored to the issues that affect your garden the most. When is the best time to plant trees and shrubs? Should I fertilize my lawn now? Is it time to prune my roses? What should I be doing in my garden this month? You'll find the answers to these questions and much more inside. This easy-to-use book highlights each of the ten major plant categories using a monthly format. It guides you through each month of the year, telling you exactly what your garden needs. It is like having an expert in the garden with you all year long. Valuable hints are located throughout the book, and beautiful photographs will inspire you. Written just for gardeners where you live, you can be confident that the information is right for you-and your garden will show it.

About the AuthorA regionally known gardening expert, radio and television host, author, columnist, and former horticulture specialist for Colorado State University Extension, John Cretti has more than 32 years of horticulture experience. John hosted the Gardening with an Altitude radio program for thirty years and has been an expert on Rocky Mountain Gardening for area TV and HGTV.His down-to-earth approach broadens the horizons of gardeners dealing with the unique and challenging climates of the region, where temperature fluctuations, wind, hail, unpredictable storms, difficult soils, and cunning critters are the norm.John has spent his life growing all kinds of plants, beginning as a child under the tutelage of his Italian grandmother, aunts, and uncle. This inspired his interest and passion for gardening while growing up in western Colorado.John is the author of several books for Cool Springs Press, including Rocky Mountain Gardeners Guide and Month-by-Month Gardening in the Rocky Mountains.
