From Brand: HighBridge Company : More Writers in the Garden: An Anthology before purchasing it in order to gauge whether or not it would be worth my time, and all praised More Writers in the Garden: An Anthology:

The Writer in the Garden, an anthology of garden writing culled from essays, fiction, poetry, journalism, diaries, and letters, won a bouquet of rave reviews: "Enchanting and unusual...a spoken word celebration of flowers, earth and growing things." -USA Today "Engrossing and inspiring." -House Garden "Spellbinding." -Victoria "A great way to become familiar with old and new classics while driving to work or on a long trip, or working in the garden." - National Gardening "As a gift for a gardener there's nothing better." -Christian Science Monitor Listeners who loved The Writer in the Garden will be delighted by More Writers in the Garden. In the tradition of the first collection, it's a potpourri of philosophical meanderings, passionate observations, and practical advice for the armchair gardener.
