**Jane Field-Lewis : My Cool Shed: An Inspirational Guide to Stylish Hideaways and Workspaces** before purchasing it in order to gage whether or not it would be worth my time, and all praised My Cool Shed: An Inspirational Guide to Stylish Hideaways and Workspaces:

8 of 9 people found the following review helpful. just a picture bookBy Robert WrightThere isn't really much here that is inspirational. It's a small and somewhat random collection of photos of small utility buildings done up nicely into studios and playhouses. The photos are nice, the paper quality is ok, but there aren't really any guiding principles. "Someone did this ... and then someone else did that." You don't really get ideas, you just leaf through going "Oh ... that's sort of nice." It's a coffee table book, not a helpful design toolbox.3 of 3 people found the following review helpful. A fun whimsical bookBy Judith R. SchultzI bought this book for my husband, who dreams of having a shed in our backyard. The creative buildings and beautiful photography combine for a fun, imaginative book to read over and over again.0 of 0 people found the following review helpful. Five StarsBy Paul E. PotterExcellent little book. I gained a number of good ideas.

More coolness in the style of My Cool Caravan and My Cool Campervan, this time celebrating the humble and not so humble shedfrom artists' studios to beach huts
