Greta Heinen : My Greenhouse Journal before purchasing it in order to gage whether or not it would be worth my time, and all praised My Greenhouse Journal:

0 of 0 people found the following review helpful. Over priced!By Dan ReplogleA good journal--one we have used for years. But it was WAY over priced. should find another supplier--it's actually worth about 25% of what was charged.0 of 0 people found the following review helpful. One StarBy NoelThe journal is ok, however the retail price is 10.95Picture of price on book is attached

"My Greenhouse Journal" is designed to be a two-year record of all your greenhouse activities. Build your personal journal by recording greenhouse temperatures, propagation, transplanting and flowering times. It will become your best reference book on greenhouse gardening.

About the Author Greta Heinen has spent many years in the greenhouse manufacturing business. Her love for gardening led her to specialize in the field of greenhouse gardening. She is the author of "In Your Greenhouse" A Beginner's Guide.
