Liz Ball : My New York Garden: A Gardener's Journal (My Gardener's Journal) before purchasing it in order to gage whether or not it would be worth my time, and all praised My New York Garden: A Gardener's Journal (My Gardener's Journal):

3 of 4 people found the following review helpful. year after yearBy Heather Hadfieldthis is my first year doing a proper jurnal for gardening i do live in ny but here our weather has been weird so im going to track it like the author suggested in the book The essintial earthman i have a big property so this is helping me keep track of what i have were

and being as certain plants shouldn't be planted in the same spots year after year (do to bugs disease etc..) i figured this will help me track my progress and learn what area of my garden is best for what, and when to start my seeds and it really only take a few minutes each week. i think its a great way to spend time in the morning eating breakfast on my deck with a cup of tea looking over the garden, or in the evening spending some time sitting on the swing after weeding or watering the plants, to make a few jots in the jurnal

Gardening requires time and planning. My New York Garden: ? A Gardener's Journal is the perfect planning tool for anyone who enjoys and wants to improve their garden. It is arranged by week and is not dated so you can start journaling at any time of the year. There are weekly tips on each page, as well as space to record notes, such as "Garden Observations," "What's the Weather Like?" and "What Have I Planted/Transplanted?" Each week also features a page to record any notes you want to add in order to personalize your journal. My New York Garden: ? A Gardener's Journal is a perfect gift for anyone who enjoys America's favorite leisure pastime.
