McGuireIn The Sign of the Twisted Candles, Nancy and friends Bess and George are caught in a storm and have to stop and take shelter at an odd country inn. There they meet the timid Sadie Whipple and a odd but friendly Centenarian recluse. This starts them in on another exciting adventure with sneaky thieves, feuding families and kidnapping. It was just as interesting as I remembered and it was absolutely fantastic to read the girls exclamations imagining a man who lived through tallow, oil, gas and electricity. Who thought phones were new fangled irritations and wondered how anyone could live without such important modern conveniences. It was very charming and Nancy is a real spitfire. I can definitely remember why Nancy was my hero in elementary school.
