Shapes, textures, etc. It's not your typical boring "put a rug in the room and stick matching furniture on it, blah, blah, blah." It's definitely different, but in a great way. I love it. 0 of 0 people found the following review helpful. Beautiful book - now on the coffee table...By Frazzled Dad On the coffee table for all to enjoy. Beautifully put together book. This was a gift to my wife and she loved it. It is sitting on the coffee table for all to enjoy. Not the cheapest book I have ever bought, but it was available online immediately (not so in stores). It arrived on time and was in excellent shape (as it should have been for a new book). 0 of 0 people found the following review helpful. Five StarsBy Cynthia Love her style

For Alessandra Branca, living means living comfortably. Growing up in Rome, Branca was always surrounded by exquisite art and architecture. She learned early on that beauty is meant to intermingle with everyday life, and to this

day her interior designs, while abiding by classical principles, comfortably accommodate her clients lifestyles. You cant just do something that looks pretty, she says. It has to work.

About the AuthorItalian-born Alessandra Branca divides her time between New York, Rome, and Chicago, where she founded her design firm in 1984.
