0 of 0 people found the following review helpful. maybe just not for me By J. Nash I have yet to find a knife price guide comparable to the bluebook for firearms. This is more of the same. No prices for contemporary makers like Benchmade or Spyderco. Very few fixed blades. There is one picture of some Blanchard Spydeys but no mention of price. I have bought several knife price guides, none have been helpful to me. 0 of 0 people found the following review

helpful. Five StarsBy L JohnstonIt's pretty informative for any knife collector and a heck of a lot cheaper than buying a brand new one.15 of 16 people found the following review helpful. A Must For Any Production Knife CollectorBy AFN1000Though I was a little disappointed by the photo quality the text is very well done and I was able to use this book several times during research projects when quite frankly, no other book had the info I was looking for. The book is easy to use, quite informative and well worth the price you can get it for through . I think there is a place for this book in any knife collectors library.
