William H., Jr. Frederick : One Hundred Great Garden Plants before purchasing it in order to gauge whether or not it would be worth my time, and all praised One Hundred Great Garden Plants:

It is most helpful for gardeners in the Middle Atlantic states, but almost anyone can learn from it. Mr. Frederick had a great appreciation for the best in garden plants--trees, shrubs, groundcovers--and he explained what he loved most and why--what's best for your garden, how to grow it, and what to grow with it. Both the pictures and the prose are very fine.
