James Bateman : Orchids of Mexico and Guatemala before purchasing it in order to gage whether or not it would be worth my time, and all praised Orchids of Mexico and Guatemala:

The Orchids of Mexico and Guatemala is a lavishly illustrated orchid classic from the mid-19th century. This book describes an orchid expedition and the adventures that collectors experienced in the New World. Forty orchids are featured with beautiful full color illustrations. This book is a revised and expanded edition of the original 1843 edition. Originally, only royalty and the wealthiest men in Europe could purchase this book. Now it is available to every orchid enthusiast.
