**Henry Homeyer : Organic Gardening (Not Just) in the Northeast: A Hands-On Month-to-Month Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Organic Gardening (Not Just) in the Northeast: A Hands-On Month-to-Month Guide:

Organic Gardening (not just) in the Northeast is organized around the calendar year, starting in March and continuing through the year with timely advice. Henry Homeyer's book is packed with useful information you won't easily find elsewhere: how to sharpen your pruners, use a screwdriver to test for compaction in the lawn, and build a welcoming cedar arbor as an entrance to the garden. Learn how to grow ladyslipper orchids or Himalayan blue poppies, prune apple trees, grow giant pumpkins, and even how to start a date palm from a grocery store date or build a small stone igloo to delight grandchildren. Eccentric, eclectic, and entertaining, whether you are a beginner or a veteran, this book has something and more for you.
