Lucius Davis : Ornamental Shrubs: With an Account of the Origin, Capabilities, and Adaptations of the Numerous Species and Varieties, Native and Foreign, and ... in the United States (Gardening in America) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ornamental Shrubs:

With an Account of the Origin, Capabilities, and Adaptations of the Numerous Species and Varieties, Native and Foreign, and ... in the United States (Gardening in America):

Lucius Davis's 1899 work is not a scientific text but rather a layman's guide describing the characteristics of the types of shrubbery suitable for planting in the United States.
