**Ortho Books : Ortho's All About Ground Covers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ortho's All About Ground Covers:

0 of 0 people found the following review helpful. Ortho Books Provide Great InformationBy GigiI have purchased many Ortho "All About" gardening books over the years. I have never been disappointed in any of them. However, I did not get as excited about ground covers as I did about Roses, Perennials, and Flowering Trees!!! These books ARE getting harder to find, which is a travesty for serious gardeners OR those who wish they had the energy to be serious gardeners.0 of 0 people found the following review helpful. Five StarBy purdygood information on the very kinds of ground covers, they keep weeds in your garden under control and prevent them from growing many have beautiful flowers they fill in empty areas0 of 0 people found the following review helpful. Three StarsBy VickiNot what I really needed, but informative.

The ultimate guide for covering bare spots and difficult sites \* How ground covers solve problems while making the landscape more diverse and interesting \* Selecting, planting, maintaining, and propagating ground covers \* Profiles of nearly 200 ground covers \* 190 photographs
