**Ortho Books : Ortho's All About Vegetables** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ortho's All About Vegetables:

0 of 0 people found the following review helpful. better version, IMHOBy BethNothing wrong with sale or service. This book is an update to an earlier, better version, IMHO.2 of 2 people found the following review helpful. Excellent infoBy Linda SmithThis book was recommended to me by our local gardening store. They said it is out of print but the best available on growing your own vegetables.They are correct. Well laid out information. Everything I have needed. I especially like the very complete info done plant by plant, pics included.1 of 1 people found the following review helpful. Awesome Book!By Lorie L.This book is by far the BEST book for vegetable gardening. I first got it at the library and fell in love with it, so I bought it for myself for reference and information. The perfect gardening book for the perfect vegetable garden!

Growing instructions for 54 types of vegetables. Tips for success for each vegetable. Highlights trendy produce and tells how to grow it. Teaches how to plant and care for vegetables to ensure optimal growth and bountiful harvests. Advice on extending the gardening season. Details on growing vegetables in raised beds.
