Chuck and Barbara Crandall : Ortho's Landscape Plans (Ortho's All about) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ortho's Landscape Plans (Ortho's All about):

0 of 0 people found the following review helpful. Great Resource from Ron Lutsko one of the Best Landscape Architects By ChrisD This is a great book by one of the best Landscape Architects of our time. This is a great earlier work and gives insight on many design elements. Highly recommend as a reference book. 1 of 1 people found the following review helpful. Excellent Reference By Mountain Momma in Florida This book is great! It has such a variety of plans for every size and shape space. It turned out to be just what I needed for my oddly shaped side yard. The variety of ideas is just wonderful. I would recommend this book. 1 of 1 people found the following review helpful. beginning designers By tdog This book is great for people wanting to learn how to draw out and layout basic landscapes for their home. I would recommend this book to anyone. I learned a lot from this book. Plus it shows different types of

layouts

Clear, concise plans to solve the most frequently-encountered landscape problems. 28 exclusive, specially-commissioned plans represent the most current thinking in landscaping. Variety of regional, stylistic, and functional approaches. 150 diagrams, plans, and lists for nearly every landscape situation. How-to construction diagrams. Regionalized planning lists.
