**Better Homes and Gardens : Outdoor Kitchens: A Do-It-Yourself Guide to Design and Construction (Better Homes and Gardens Home)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Outdoor Kitchens: A Do-It-Yourself Guide to Design and Construction (Better Homes and Gardens Home):

0 of 0 people found the following review helpful. Five StarsBy CustomerThank you0 of 0 people found the following review helpful. Three StarsBy scbgood picts, wanted broader scope of ideas6 of 8 people found the following review helpful. A little lackingBy dodgeballsI bought this book while in the brainstorming phase of my outdoor kitchen. Incidentally it's STILL in that phase, and this book did not advance my cause at all. It had good reviews and I was hoping it would have good ideas and planning tools. Instead, it seems to focus on only a handful of actual kitchens,

and doesn't really cover much ground. It does not have any recommendations on building YOUR kitchen as far as usage of space, appliance placement, etc. There is ZERO cost information as well, so if you are hoping for help shaping your kitchen budget, this also is not the tool. It has some moderately useful technical information, but not nearly enough to let you build anything unless you already knew how, in which case...you wouldn't need the book. Basically, it's got some nice pictures of some pretty sweet kitchens that might give you an idea here and there; that's about it.

Detailed plans for outdoor kitchen in a variety of locations. Color photos provide inspiration on how to apply designs to any setting. Insights and ideas for the cook, as well as smart tips for the builder. Coverage of both form and function to help homeowners assess their needs for cooking and storage space. Special section provides all-time favorite grilling recipes and tips for outdoor cooking from the Better Homes and Gardens experts.

About the Author The iconic BETTER HOMES AND GARDENS brand is one of America's most trusted sources for information on cooking, gardening, home improvement, home design, decorating, and crafting. Today, the brand encompasses books, magazines, and digital media.
