Outdoor living is heating up the marketplace today, and more and more people take their leisure time outdoors. Toward that end, they're bringing the kitchen with them, along with a blazing fire to warm and illuminate their yards into the later hours. This book offers the largest collection of images of landscapes, outdoor kitchens, and fireplaces available on the market today, and with those gorgeous photos come hundreds of ideas. Live vicariously as you leaf through these pages, and then make the dream come true in your own backyard with some of the many inspirations found here.

About the Author Tina Skinner has authored numerous books on home design and landscaping, including *Fire Outdoors: Fireplaces, Fire Pits, Cook Centers and Outdoor Rooms: Fresh-Air Kitchens and Living Areas*.
