6 of 6 people found the following review helpful. Book filled with great ideas
By S. Isselhardt My husband and I are getting ready to put in a terrace in our front yard and I needed some fresh ideas. I was very impressed with this book. It's filled with beautiful pictures of outdoor ideas for your yard. Beautiful floors, walls, arbors - I'm always looking at books and magazines for outdoor projects and many seem to be the same. This book provided fresh ideas. It doesn't give many directions to complete the projects but they aren't the type that need exact step-by-step directions. Great Book!

By Ann M. Kaar Although, I do recognize several photos from some of their other books. I wish they listed WHERE the ideas worked (SoCA vs. FL) etc and when plants are significant, name the plant! All that aside - great inspiration and
