Richard Taylor : Painting Houses Gardens in Watercolor before purchasing it in order to gauge whether or not it would be worth my time, and all praised Painting Houses Gardens in Watercolor:

4 of 4 people found the following review helpful. Entry level guidance for painting strikingly beautiful watercolor houses gardens By Mr. Reel I love it! I've been looking for guidance in painting houses for a long time. Richard Taylor tells, in great detail, how he paints his pictures of houses and gardens. The book is written for people at my entry level, but the resulting paintings are strikingly beautiful examples of what you can achieve with transparent watercolor. 0 of 0 people found the following review helpful. Beautifully Illustrated and Great Attention to Detail By Jennifer Harrison In depth detail and descriptions of sketches and how to accomplish them. Richard Taylor imparts his vast knowledge of drawing and painting. He has become a favourite and I have also bought his books 'The Watercolourist's Guide to Painting Buildings' and 'Drawing Painting Buildings'. 0 of 0 people found the following review helpful. Thank you for

simplifying!By KarolHe simplified what could be a tough subject for watercolorists- regarding buildings with various sidings like brick, stone, wood etc.Good information regarding colors.

This attractively illustrated manual for art students and amateur artists shows how to master techniques that maximize the dramatic effects of color, texture, and composition in watercolor. These skills are then applied to the familiar subject of the home and its surrounding yard and garden. Heavily illustrated with example sketches, step-by-step sequences showing paintings in progress, and the authors own superb watercolors, this very useful volume looks at several town dwellings and country cottages, and points out architectural details that make them interesting as subjects for watercolor artists.

About the AuthorRichard Taylor is a popular English watercolor artist who also contributes articles to The Artist, Leisure painter, and Artists Illustrators magazines.
