He knows his stuff!By Hisham ZahranMy wife I just attended a seminar yesterday at a Home Expo show, and he really knew his stuff! He had so many incredible tips tricks on how to paint smarter, and, as a result - faster, that we just HAD to get this book! It reinforces all that he covered, but 1 hour was not enough to cover it all. He had 2 other seminars on faux finishes wallpapering that we had no time to attend. but, this

book covers all of it. Not only has he been working in this industry with his dad grandad for many years, but he also received a degree in Chemistry to learn the "why", behind the "how" to paint decorate. Highly Recommended! This book is a keeper! 0 of 0 people found the following review helpful. This book is helpful and informative.
