Polly Earl : Palm Beach: An Architectural Legacy before purchasing it in order to gage whether or not it would be worth my time, and all praised Palm Beach: An Architectural Legacy:

0 of 0 people found the following review helpful. Beautiful pictures, and interestingly writtenBy Priscilla BaysingerHaving lived in Palm Beach, I can really appreciate what Polly Earl has created. Beautiful pictures, and interestingly written. A very fine book.0 of 1 people found the following review helpful. Attractive giftBy MaxineAttractive coffee table book that I bought as a gift for friends who moved to Palm Beach. Book is true to its description.5 of 6 people found the following review helpful. Palm Beach SplendorBy Shannon DeasonThis book covers an impressive array of homes and the images are crisp and well conceived. Palm Beach is so blessed with stunning architecture, it really is like a laboratory for grand residential design. The homes selected are for the most part spectacular and the interior detailing is often stunning. I highly recommend this book to anyone with an appreciation of well crafted restoration and great residential architecture.

In 1894, Palm Beach leaped to world prominence as a winter playground with the completion of Henry Morrison Flagler's Royal Poinciana Hotel. In 1920's Palm Beach'sextravagant lifestyle reached its height, and grand sprawling Mediterranean-style mansions abounded. By the 1980s, financial prosperity and an economic boom, which was accompanied by an onslaught of redevelopment, threatened Palm Beach's world famous architectural heritage.Palm Beach details the meticulous restorations of more than twenty great houses and public buildings on the "American

Riviera." These houses were restored from 1988 to the present, and each house has won the Preservation Foundation of Palm Beach's coveted Ballinger Award. The cycle of building and restoration chronicled here encompasses one of America's enduring architectural landscapes, as well as the dynamics of its social history. Public and private structures designed by some of the style-setting early architects are depicted, including works of Addison Mizner, Joseph Urban, and Maurice Fatio, as well as those of anonymous designers, whose feats of imagination rivaled the most celebrated professionals. The photography has been taken to respectfully document the superb restorations of these houses, many of which have never before been published.

From the Inside Flap
