Three StarsBy pennylaneok5 of 5 people found the following review helpful. Pavers -101By George WinsteadLots of good pictures, no meat. The author spends all of two pages going into the details of installation.

Includes a wonderful circular patio centered around a firepit, to a demonstration walkway that illustrates how to lay basketweave, running brick, and herringbone patterns, this book is the perfect resource for anyone who wants to undertake a great home improvement project. Learn how to lay the groundwork, study details for edging and popular

paver designs, and finish up like a pro. A special chapter details the process of laying a permeable paving surface, an increasingly popular alternative in today's eco-conscious world. Clear photos detail every step in the process, and a gallery of more than 100 finished projects will inspire you to get to work. All you need is the muscle.

About the AuthorTina Skinner is a professional writer and editor who specializes in home design. She spends her leisure hours in the garden.
