**Steve Dobbs : Perfect North Carolina Lawn (Creating and Maintaining the Perfect Lawn)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Perfect North Carolina Lawn (Creating and Maintaining the Perfect Lawn):

1 of 2 people found the following review helpful. Not a quick fix book.By ktscott01This wasn't the book I expected it

to be. I was ready for a book that would give me a quick answer to all my lawn question, but this isn't it. There is some work you need to do before you read this book. The major thing is find out the pH of your soil then go from there. It is a lot of if you have A then do 1 and if you have B then do 2 answers. I was really expecting if you have fescue then do A, B C and you will have a great lawn, but it isn't that easy. It does make a good reference book after you do some work to find out a lot about your lawn and soil. I will put it on the shelf and when I see something strange I will consult the book but I don't think it is going to get a lot use.

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. Book retailers are well aware that the trend in gardening books is to regional titles that provide credible information on the plants that perform well in specific regions. "The Perfect North Carolina Lawn" is written by the highly popular gardening expert Steve Dobbs. Lawns are the foundation of a great landscape. This series contains regional information on the best lawns for a southern landscape.

About the Author Steve Dobbs is an award-winning horticulturist, educational garden writer, and lecturer. He shares his gardening advice in the monthly garden column "Heartland Gardening" for Oklahoma Living magazine and a featured weekly column "Oklahoma Roots" for The Daily Oklahoman newspaper. His expertise has been featured in several publications including Better Homes and Gardens, OSU Magazine, St. Louis Post-Dispatch, and Oklahoma Today. He was the host and producer of Oklahoma Gardening from 1990 to 1995, a show selected by the Garden Writers of America as the Best TV Gardening Program in the Nation in 1992.
