who is obsessed with her lawn. She loves it and has quoted me quite a bit of information from the book. She was having trouble getting the grass to grow in certain areas, but now, in June, her yard is lush and green! 0 of 0 people found the following review helpful. Four StarsBy DnyI like the book, and followed it to the tee. But, I am obviously doing something wrong!

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. Book retailers are well aware that the trend in gardening books is to regional titles that provide credible information on the plants that perform well in specific regions. "The Perfect Oklahoma Lawn" is written by the highly popular gardening expert Steve Dobbs. Lawns are the foundation of a great landscape. This series contains regional information on the best lawns for a southern landscape.
