Lilibeth MacQuire : Permaculture Gardening For Beginners: The Ultimate Practical Guide To Permaculture Gardening And Permaculture Design before purchasing it in order to gage whether or not it would be worth my time, and all praised Permaculture Gardening For Beginners: The Ultimate Practical Guide To Permaculture Gardening And Permaculture Design:

1 of 1 people found the following review helpful. Short and sweetBy DemitriA very clear, concise, and brief introduction to the topic that gave me a great idea for directions to think in as I plan out my food garden. Totally worth a read!1 of 1 people found the following review helpful. Easy to read and understandBy johanQuick guide to look into the world of starting a permaculture garden. Easy to read and understand.0 of 0 people found the following review helpful. Two StarsBy Don HockinNot much of a book.

This book contains proven steps and strategies on how to design, build and maintain your own permaculture garden. You will learn to use the principles of permaculture to create a productive, low-maintenance home garden that is environmentally sustainable. No matter how much or how little space you have available, you can grow some of your own food!
