They by-and-large are ALL good and I have not been dissatisfied with even one of them. They are simplistic in that they are easy to read and understand, yet are very useful. Sadly much of the old art of medicines/home remedy styles, food preparations such as drying foods, and much other preparedness and survival knowledge have been lost with time. Story has preserved alot of it and is passing it on to us...and if I may add...at what I believe is a fair price. I say buy up with confidence.25 of 26 people found the following review helpful. Get rid of unwanted pests!By Michelle DunnI have only been gardening about 5 years and still get bugs that I can't identify and don't know how to get rid of or control so I picked up this guide. GREAT guide. Lists the bugs that get specific plants and tells you how you can control them or get rid of them. Love it!0 of 0 people found the following review helpful. Five StarsBy Betty fGDP bk

Since 1973, Storey's Country Wisdom Bulletins have offered practical, hands-on instructions designed to help readers master dozens of country living skills quickly and easily. There are now more than 170 titles in this series, and their remarkable popularity reflects the common desire of country and city dwellers alike to cultivate personal independence in everyday life.
