**John Minnery : Pick Guns: Lock Picking For Spies, Cops, And Locksmiths** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pick Guns: Lock Picking For Spies, Cops, And Locksmiths:

2 of 2 people found the following review helpful. Great product and fast service:-)By J. BrandonI bought this book tyo help me understand the basic principles of lock picking, so I could do a better job at my security position. It was rather easy to read and understand. Thank you:-)0 of 0 people found the following review helpful. Translated it would be

perfect, but so much the worseBy Client d'Translated it would be perfect, but so much the worse, it's Worth working to translate it. I am a poor lonesome french not particularly gifted. Bear up !0 of 0 people found the following review helpful. Home Schooling CourseBy YilltalThis is part of our home schooling skills reading for Locksmithing and Security Design. This helps to understand the various tools available and the lock design weaknesses.

This book tells how pick guns work and how to use them and traces their development from their inception to the revolutionary devices of today. Included are the original patents by Epstein, Segal, Moore, Cooke and others, as well as info on pick guns used by the FBI and intelligence agencies. Photos depict improvised devices made out of coat hangers and clothespins. For academic study only.
