Melanie Linn Gutowski : Pittsburgh's Mansions (Images of America) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pittsburgh's Mansions (Images of America):

3 of 3 people found the following review helpful. What a wonderful way to see what isn't here any moreBy Peppermint PattiInteresting book. I grew up in Pittsburgh and have always been intrigued by the mansions that still remain. What a wonderful way to see what isn't here any more. I would recommend this to anyone with an interest in Pittsburgh.2 of 2 people found the following review helpful. A Great GiftBy Patricia K. ArndtGave Pittsburgh's Mansions to my brother as a Christmas gift. He unwrapped the package and immediately started to read it, ignoring the rest of his gifts. So many of the beautiful old homes featured in the book we knew in our childhood, but they are

now gone, victims of progress. He spent an hour going through the book, reminiscing, and mourning the demise of architectural gems. Two days later, he was still talking about the book, so I would say it merits five stars. I recommend it highly as a gift for a current or ex-Pittsburgher. I plan to download a copy to my Kindle. 0 of 0 people found the following review helpful. Five Stars By Lora Very interesting to read and look at the wonderful pictures, a keepsake

In the 19th century, the positioning of Pittsburgh as a major manufacturing center and the subsequent rise of the areas steel industry created a wave of prosperity that prompted the beneficiaries of that wealth to construct extravagant residences. Wealthy enclaves sprang up in the citys East End, across the river in neighboring Allegheny City, and into the countryside. Pittsburghs Mansions explores the stately homes of the areas prominent residents from the 1830s through the 1920s. Businessmen such as H.J. Heinz, Henry Clay Frick, and members of the Mellon family commissioned elaborate homes from the preeminent architects of their day. Firms such as Alden Harlow, Janssen Abbott, and Rutan Russell left their marks on the citys landscape, often contributing iconic public buildings as well as expansive private homes. Though many of the residences have since been lost, Pittsburghs Mansions offers a look back at the peak of the citys prominence.

About the Author Melanie Linn Gutowski is a writer, historian, and lifelong resident of the Pittsburgh area. She has published history features in various western Pennsylvania and national publications and holds a bachelors degree in history of art and architecture and a masters degree in professional writing.
