Great Book which will not become obsoleteBy ClydeThis is a great book with a lot of essential information not only on the moon and zodiac signs but, also organic method of gardening.5 of 5 people found the following review helpful. Don't step out into your garden without it!By Karlos LeonardoLouise Riotte is a cherished name among organic gardeners. All of her books are worth having... honestly! This book is not about astrology of plants, as the title may suggest, but about common sense gardening. Furthermore, it will intrigue you with many simple, natural secrets.
