Stephen A. Harris : Planting Paradise: Cultivating the Garden, 1501-1900 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Planting Paradise: Cultivating the Garden, 1501-1900:

The book provides a historical perspective on the development of botany until the emergence of modern genetics, and explores how humankind has sought to discover, understand and use our planet's plants for subsistence, health, wealth, and pleasure.
