**Trevor Nottle : Plants for Mediterranean Climate Gardens** before purchasing it in order to gage whether or not it would be worth my time, and all praised Plants for Mediterranean Climate Gardens:

A broad introduction to the Mediterranean gardening tradition. It offers a private view; one that encourages exploration of the vast world of plants and the equally diverse design options that can be drawn on by gardeners who work their magic in Mediterranean climes everywhere. Trevor Nottle has an international reputation as a writer and lecturer and is also well known as a garden historian.
