Quarto Publishing : Plantworks: Bonsai before purchasing it in order to gage whether or not it would be worth my time, and all praised Plantworks: Bonsai:

The world of miniature plant sculpture is fascinating in its detail and creativity. From pruning basics to plant care, it's all in the book, and the kit includes the pruning scissors and forming wire to get started. Great for green thumbs everywhere!

About the AuthorThe Quarto Publishing Group is a London-based packager and copublisher of how-to books covering gardening, crafts, health, and lifestyle subjects. The world of miniature plant sculpture is fascinating in its detail and creativity. From pruning basics to plant care, it's all in the book, and the kit includes the pruning scissors and forming wire to get started. Great for green thumbs everywhere!
