**Better Homes and Gardens : Playsets (Better Homes Gardens)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Playsets (Better Homes Gardens):

0 of 0 people found the following review helpful. Very useful By VisaDivaNice book, very detailed and useful. Touches on some very important considerations if building your own playground 1 of 1 people found the following review helpful. Building a playset By K. Coady I have not found this book to be very helpful. I wanted a book that would walk me through the steps of building a play set. Because I am a novice at building, I probably need more of a "Playsets for Dummies" type book. 16 of 18 people found the following review helpful. What you see is not what you get By Nancy Cesaro WELLS.... This IS a great book for novice builders. It has all the basics, detailed plans more. There ARE a couple nice playsets BASIC playhouses. The problem is, I bought the book to build the adorable playhouse shown on the cover for my granddaughter. If you hoped for that too, don't buy this book. No where in this book are the

plans (or pictures) for that playhouse :(

Large, comprehensive guide shows parents and grandparents how easy it is to integrate a safe play space into their property. Effortlessly guides readers through the process of designing, planning, and constructing safe play areas for children of all ages. Beautiful photography inspires parents to build a play space that adds a unique, beautiful, and functional dimension to their yard. Educates parents and grandparents on how to create an attractive, do-it-yourself play space that entertains kids and adds value to the property.
